

IN THE UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF ARKANSAS
FAYETTEVILLE DIVISION

UNITED STATES OF AMERICA

PLAINTIFF

v.

NO. 06-50064-001

HOLLIS WAYNE FINCHER

DEFENDANT

ORDER

Discovery motions in this case have been referred to the undersigned, including plaintiff's motions for Disclosure of Evidence (Doc. # 21) and Production of Statements (Doc. # 22), and defendant's motion for Discovery (Doc. # 11). The court calls to the attention of the parties that criminal discovery motions - other than motions for bills of particular or to compel - while triggering certain obligations on the part of the opposing party, do not require court disposition. Unless and until a motion is filed seeking to compel appropriate responses to a pending discovery motion, the court will act on the belief that the information sought has been timely provided by the party of whom it is requested.

IT IS SO ORDERED this 5th day of January 2007.
